

Wanted: volunteers for the Voedsel Anders Conference 2016!

For the Voedsel Anders Conference on 12 and 13 February 2016 we are looking for motivated volunteers to carry out different tasks during the conference. Do you want to be part of this movement? Register as a volunteer!

What is the Voedsel Anders Conference? The Voedsel Anders-movement strives for fair and sustainable food- and agricultural systems with responsible management of soils, landscape, plants, animals and water. We are working on food- and agricultural systems in which farmers and civilians have a louder voice. The movement became tangible for the first time in 2014 during the first Voedsel Anders conference to which we welcomed 800 participants! Once again, in 2016, we want to create an inspiring conference and for this we need your help!

What do we need? Help with:

- Build-up
- Registration of participants
- Contact person workshop spaces
- Lunch, dinner and drink
- Clean-up
- Emergency Response Officers or evacuation officers (free course provided by us)

What do you get in return?

- Free access to the conference on the day that you volunteer
- Free lunch or dinner
- Free drinks during the closing drink
- Eternal gratitude!

You can indicate whether you want to volunteer on one or two days. You can find the preliminary program on <http://www.voedselanders.nl/conferentie2016/>

Interested? Contact us at events@voedselanders.nl and please include on which days you would like to volunteer and whether or not you have completed a course for either Emergency Response Officer or evacuation officer.

We hope to hear from you soon!

Kind regards,

Voedsel Anders
